

CHRIST CHURCH

EXETER, NEW HAMPSHIRE

VESTRY MINUTES SUMMARY

At its meeting of February 9, 2015, the vestry met via video conference, due to a snowstorm. Members shared impressions from the annual meeting about the building options. It was clear that there was some excitement about a new build, but also some questions. The vestry agreed that it is time to hire an architect, in order to generate a more detailed plan for a rebuild, before we can move forward with a decision. Other business included a review of the successful Cuba night, and the costs and risks of continuing to do our own snowplowing.
