Dear Pastor Pendleton and Members of Christ Episcopal Church,

What a difference you make! You join a growing movement of leaders who recognize the value of investing in our communities. Thank you for your gift of \$5,466.68 to Services for New Americans in New Hampshire. Your support represents a fresh start in a new land for the courageous refugee families we serve at Ascentria Care Alliance.

Through your gift, Ascentria is able to help refugees establish new lives, regain hope, and contribute to the vitality of our community. We provide a full range of support including resettlement, English language training, job placement and employment services, vocational training, and more. For more than twenty years, Ascentria has proudly supported thousands of refugees and immigrants on their journey toward independence and self-sufficiency. These remarkable individuals could not succeed without friends like you who truly make a difference.

Everyone at Ascentria deeply appreciates your leadership and support.

Gratefully,

Angela Bovill
President and CEO
